Quarterly Engineering Report

Performance benchmarks across enterprise web client modules:

Module	Latency	Throughput	Status
Vector Renderer	12 ms	850 ops/sec	Verified
Font Subset Engine	18 ms	620 ops/sec	Active
OCR Extraction	145 ms	95 ops/sec	Operational

Key Achievements:

- Engineered zero-server PDF client architecture
- Integrated full Unicode vector font embedding
- Achieved 60fps virtualization across 100 pages
